

Living as an Empath with Charley Henderson

Event: Boeing Employees Parapsychology Club (BEPC) Monthly Meeting

Date: Monday, October 17, 2016

Mark your calendars for another phenomenal speaker! We are honored and excited to have as our guest Charley Henderson with us sharing – *Living as an Empath*

What is an Empath?

Empaths are capable of perceiving or sensing the emotions of others. Empaths are extremely sensitive to emotional and mental energy.

How to live as an Empath:

Empaths need special self-care skills and psychic protection techniques to live with their Empathic nature and shield themselves from psychic overload. The awakened or skilled Empath knows how to maintain spiritual boundaries, replenish energy and clear unwanted negative energy from their auric field.

My gift of energy work started at age 8. I have been doing Energy work, massage, physical & spiritual healing since 1990. I have always had the ability of cognitive intuition. Another name would be discernment. This gift allows me to perceive spiritual and psychic gifts in others. I use white light in my teaching, healing, balancing, readings, and guided meditation, that can work for anyone; even if you believe you cannot meditate. My teaching is focused on enabling you to open yourself to your Universal gifts that are a part of you.
