Eileen Grimes has been an active practicing astrologer for over 24 years; she has had many seek her astrological advice and counsel. She stays very active with her clients and also does a lot of media work - from freelance writing to radio work. Her work with her clients is both psychological and evolutionary: She helps her clients figure out the "whys" in their lives - mainly the naming and claiming of their existence and purpose, with a down to earth loving approach. She is hands on, and practical - she helps her clients understand the reality of their lives, providing clear and incisive insight. Her goal with every client is what her motto is - *to inspire, uplift and empower*. When we can find the answers within ourselves, we have full use of all our abilities and gifts.

Eileen is also a teacher - she has developed a full set of astrological courses, as well as developed a full mentorship program, for those interested in becoming professional astrologers.

In 2004, she released her first book, *Titanic Astrology: The Grand Design of a Famous Shipwreck*, considered a revolutionary work of astrological research.

Eileen has also served on the board of the Washington State Astrological Association. She has a BA in Music Education from Central Washington University, and has done her share of musical performing in and around the Seattle area.

She is now the host of the The Jupiter Rising Show, on KKNW1150, Alternative Talk Radio.

Eileen is a Pisces, with Leo rising and Moon in Virgo. She loves nothing more than a great musical event, or being by the water.

Our general meeting starts at 5:30 PM and at 6:00 PM the presentation starts. BEPC monthly meetings are open to anyone and are on the 3rd Monday of the month. No cost to club members and \$5 for guests and anyone can become a member.
