- Detailed energetic anatomy (there are 12 major chakras, each of which controls particular physical organs and physiological systems in the body)
- How and why healing these energy centers stimulates healing in the physical body (aka, HOW energy healing works!)
- Healing technique to disconnect from stressful events and people that takes only seconds
- How to recover from absorbing others' negative emotional energy (an inescapable part of all types of relationships!)
- How to purify your space, office, and self of unwanted or stress energies
- Learn a short, guided meditation to POWERFULLY and effectively flush out blocked energies in your system at the physical and emotional level-- while dramatically increasing your spiritual connection, giving you peace and bliss!
