

# Past-Life Regression – The Inward Journey

## Lori Aletha

**Event:** BEPC Monthly Meeting

**Date:** Monday, May 15, 2017

Greetings Friends and Light Workers!

Mark your calendars for another phenomenal speaker! We are honored and excited to have Lori Aletha sharing *Past-Life Regression – The Inward Journey* with us.

### Past-Life Regression – The Inward Journey

Experiences from your past, both from this life and from others lifetimes are partly what forms your present lifetime lessons and situations. No child ever came to this earth life as an empty slate to write on. They came here with their own likes and dislikes, their own paths to walk and they have their own unique and very different personalities. This comes from their own history of the many life-times they have lived before this one. As a parent, we do not own these beautiful beings, but we have been entrusted to care for and to raise them to feel love and compassion both for themselves and to their fellow travelers on this journey, we call life.

An Inward Journey provides a variety of therapies to support and empower you to live your life in a happier and more satisfying manor. Some therapies that may be used are; Hypnosis, Time line Therapy, NLP, Theta, Soul Retrieval, and Inner-child Rescue, which can provide protection for your child-within, or there may be other modalities used, as Lori is instructed by your Spirit Guides.

[Learn your own personal history and Heal your Present life by consciously releasing the Past that keeps you stuck.](#)

Lori Aletha, Cht is the Director of the NW Center of Enlightenment. She is an Intuitive Counselor, Tarot Reader, Teacher, Minister and a Past-Life Regression Therapist. She has studied Parapsychology and Ancient Wisdom Teachings for many years. She has been involved in her Spiritual work for over 35 years.

As a small child Lori remembered several of her past-lives and was very surprised when she started school and found out that the other kids didn't remember theirs. She thought everybody did. Reading an Edgar Cayce book in her early 20's brought her understanding of her memories.

She later had a Near-Death Experience, then waited 19 years before she ever heard of similar stories from the many other people who had experienced an NDE. When she heard their stories she was very happy to finally have a confirmation of a very wondrous experience.

As a certified Hypnotherapist, Lori specializes in using past life regressions, Inner-child rescue, NLP, Time-line therapy and working with your Higher Self along with several other modalities, as she is instructed from her guides and yours. She enjoys helping other talented people advertise and get their businesses started, and for the past 30 years has been the producer of the NW Psychic, Spirit and Alternative Health Fairs.
